## Safety Data Sheet

according to the Hazardous Products Regulation (February 11, 2015)

A safety data sheet is not required for this product. This document was created on a voluntary basis.

SDS ID: UM00010\_AU

Issue date: 11/10/2023 Version: 1.0

### SECTION 1: Identification

#### 1.1. GHS Product identifier

Product form : Mixture

Trade name : PP

#### 1.2. Other means of identification

No additional information available

#### 1.3. Recommended use of the chemical and restrictions on use

Restrictions on use : This product must not be used in applications other than those identified above, without first seeking advice of the supplier

#### 1.4. Supplier's details

##### Supplier

UltiMaker

Watermolenweg 2

Geldermalsen, 4191 PN

The Netherlands

T +31 (0) 88 383 4000 ( 9 AM - 5 PM CET)

[Product-Compliance@Ultimaker.com](mailto:Product-Compliance@Ultimaker.com)

#### 1.5. Emergency phone number

Emergency number : +31 (0) 88 383 4000  
(during office hours: 9 AM - 5 PM CET)

### SECTION 2: Hazard identification

#### 2.1. Classification of the hazardous chemical

##### Classification according to the model Work Health and Safety Regulations (WHS Regulations)

Not classified

#### 2.2. GHS Label elements, including precautionary statements

##### GHS AU labelling

No labelling applicable

#### 2.3. Other hazards which do not result in classification

Other hazards not contributing to the classification : Risk of thermal burns on contact with molten product.

## Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

## SECTION 3: Composition/information on ingredients

## 3.1. Substances

Name	Chemical name/Synonyms	Product identifier	Conc. (% w/w)	Classification (GHS CA)
Ethylene propylene copolymer	-	CAS-No.: 9010-79-1		Not classified

Full text of hazard classes and H-statements : see section 16

## 3.2. Mixtures

Not applicable

## SECTION 4: First-aid measures

## 4.1. Description of necessary first-aid measures

First-aid measures after inhalation	:	Remove person to fresh air and keep comfortable for breathing.
First-aid measures after skin contact	:	Wash skin with plenty of water and soap. Burns caused by molten material must be treated clinically. Take off contaminated clothing. In case of contact with molten product, cool rapidly with water and seek immediate medical attention. Do not attempt to remove molten product from skin because skin will tear easily.
First-aid measures after eye contact	:	Rinse eyes with water as a precaution. In the event of contact with molten product: Immediately flush eyes thoroughly with water for at least 15 minutes. Get immediate medical advice/attention.
First-aid measures after ingestion	:	Call a poison center or a doctor if you feel unwell.
First-aid measures general	:	If you feel unwell, seek medical advice (show the label where possible).

## 4.2. Symptoms caused by exposure

Symptoms/effects	:	No acute and delayed symptoms and effects are observed.
Symptoms/effects after skin contact	:	Risk of thermal burns on contact with molten product.

## 4.3. Indication of immediate medical attention and special treatment needed, if necessary

Other medical advice or treatment	:	Treat symptomatically.
-----------------------------------	---	------------------------

## SECTION 5: Fire-fighting measures

## 5.1. Suitable extinguishing media

Suitable extinguishing media	:	Use extinguishing media appropriate for surrounding fire: Water spray, Dry powder, Foam, Carbon dioxide.
Unsuitable extinguishing media	:	Do not use a solid water stream as it may scatter and spread fire.

## 5.2. Specific hazards arising from the chemical

Explosion hazard	:	Material can accumulate some static charge during transfer. Prevent build-up of electrostatic charges (e.g. by grounding).
Hazardous decomposition products in case of fire	:	Under fire conditions, hazardous fumes will be present: Carbon dioxide, Carbon monoxide, Hydrocarbons, Aldehydes.

## Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

### 5.3. Special protective actions for fire-fighters

- Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.
- Precautionary measures fire : Do not allow run-off from fire-fighting to enter drains or water courses.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

No additional information available

### 6.2. Environmental precautions

- Methods for cleaning up : Sweep up and put in a closed container for disposal. If melted: allow liquid to solidify before taking it up.
- Other information : Dispose of materials or solid residues at an authorized site.

### 6.3. Methods and materials for containment and cleaning up

For further information refer to section 8: "Exposure controls/personal protection"

## SECTION 7: Handling and storage, including how the chemical may be safely used

### 7.1. Precautions for safe handling

- Precautions for safe handling : Ensure good ventilation of the work station. In molten state: Do not breathe vapours. Avoid contact with skin, eyes and clothing. Wear personal protective equipment.
- Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.

### 7.2. Conditions for safe storage, including any incompatibilities

- Storage conditions : To guarantee the quality and properties of the product: Store in a well-ventilated place. Store in original container. Keep container tightly closed to avoid moisture absorption and contamination.
- Incompatible materials : Strong oxidizing agents.
- Heat and ignition sources : Keep away from heat, sparks and flames. Keep out of direct sunlight.
- Storage temperature : -4 – 86 °F (Relative air humidity: <50%)

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters - exposure standards

No additional information available

## Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

### 8.2. Appropriate engineering controls

- Appropriate engineering controls : Use process enclosures, local exhaust ventilation or other engineering controls to keep airborne levels below specified exposure limits. If user operations generate dust, fumes or mist, use ventilation to keep exposure to airborne particles below the exposure limit. Ventilation conditions (1 printer): Provide a good standard of general ventilation, not less than 2 air changes per hour (assumes a room volume of: 30 m<sup>3</sup>).
- Environmental exposure controls : Avoid release to the environment.

### 8.3. Appropriate engineering controls

<b>Hand protection:</b>
None under normal conditions. Use insulated gloves when handling this material hot
<b>Eye protection:</b>
None under normal use. In molten state: Wear eye protection
<b>Skin and body protection:</b>
None under normal use. In molten state: Wear suitable protective clothing
<b>Respiratory protection:</b>
None under normal use. In molten state: In case of insufficient ventilation, wear suitable respiratory equipment

#### Thermal hazard protection:

Risk of thermal burns on contact with molten product. Hazardous vapours may be released. In molten state: Wear respiratory protection/heat resistant gloves.

#### Other information:

Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Wash hands immediately after handling the product. Take off contaminated clothing and wash before reuse.

### 8.4. Exposure limit values for the other components

No additional information available

## SECTION 9: Physical and chemical properties

### 9.1. Basic physical and chemical properties

- Physical state : Solid
- Appearance : Filament
- Colour : Natural
- Odour : Slight
- Odour threshold : No data available
- pH : No data available
- Relative evaporation rate (butylacetate=1) : No data available
- Relative evaporation rate (ether=1) : No data available
- Melting point : 257 – 329 °F
- Freezing point : Not applicable
- Boiling point : No data available
- Flash point : Not applicable

# PP

## Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

Auto-ignition temperature	:	> 752 °F
Decomposition temperature	:	> 572 °F
Flammability (solid, gas)	:	Non flammable
Vapour pressure	:	No data available
Relative vapour density at 20°C	:	No data available
Relative density	:	No data available
Density	:	0.89 g/cm <sup>3</sup>
Solubility	:	Water: Insoluble Organic solvent: Slightly soluble
Partition coefficient n-octanol/water (Log Pow)	:	No data available
Viscosity, kinematic	:	Not applicable
Explosive limits	:	Not applicable
Particle size distribution	:	Not applicable

### 9.2. Data relevant with regard to physical hazard classes (supplemental)

No additional information available

## SECTION 10: Stability and reactivity

Reactivity	:	The product is non-reactive under normal conditions of use, storage and transport.
Chemical stability	:	Stable under normal conditions.
Possibility of hazardous reactions	:	No dangerous reactions known under normal conditions of use.
Conditions to avoid	:	None under recommended storage and handling conditions (see section 7). Printing process: Avoid temperature above 300°C.
Incompatible materials	:	Strong oxidizing agents.
Hazardous decomposition products	:	Under normal conditions of storage and use, hazardous decomposition products should not be produced. Under fire conditions, hazardous fumes will be present: Carbon dioxide, Carbon monoxide, Hydrocarbons, Acetaldehyde.
Hardening time:	:	

## SECTION 11: Toxicological information

### 11.1. Effects on humans

Acute toxicity (oral)	:	Not classified
Acute toxicity (dermal)	:	Not classified
Acute toxicity (inhalation)	:	Not classified
Skin corrosion/irritation	:	Not classified
Serious eye damage/irritation	:	Not classified
Respiratory or skin sensitization	:	Not classified
Germ cell mutagenicity	:	Not classified
Carcinogenicity	:	Not classified
Reproductive toxicity	:	Not classified
STOT-single exposure	:	Not classified
STOT-repeated exposure	:	Not classified
Aspiration hazard	:	Not classified

# PP

## Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

PP	
Viscosity, kinematic	Not applicable

Symptoms/effects : No acute and delayed symptoms and effects are observed.  
Symptoms/effects after skin contact : Risk of thermal burns on contact with molten product.

### SECTION 12: Ecological information

#### 12.1. Toxicity

Ecology - general : The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.  
Hazardous to the aquatic environment, short-term (acute) : Not classified  
Hazardous to the aquatic environment, long-term (chronic) : Not classified

#### 12.2. Persistence and degradability

PP	
Persistence and degradability	No additional information available.

#### 12.3. Bioaccumulative potential

No additional information available

#### 12.4. Mobility in soil

No additional information available

#### 12.5. Other adverse effects

Ozone : Not classified

### SECTION 13: Disposal considerations

#### 13.1. Disposal methods

Regional waste regulation : Dispose of in accordance with relevant local regulations.  
Waste treatment methods : Dispose of contents/container in accordance with licensed collector's sorting instructions.  
Product/Packaging disposal recommendations : Empty containers should be taken for recycling, recovery or waste in accordance with local regulation.

### SECTION 14: Transport information

In accordance with DOT / TDG / IMDG / IATA

ADG	IMDG	IATA
<b>14.1. UN number</b>		
Not regulated for transport		

## Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

ADG	IMDG	IATA
<b>14.2. Proper Shipping Name</b>		
Not applicable	Not applicable	Not applicable
<b>14.3. Transport hazard class(es)</b>		
Not applicable	Not applicable	Not applicable
<b>14.4. Packing group</b>		
Not applicable	Not applicable	Not applicable
<b>14.5. Environmental hazards</b>		
Not applicable	Not applicable	Not applicable
No supplementary information available		

**14.6. Special precautions for user****ADG**

No data available

**IMDG**

No data available

**IATA**

No data available

**14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Not applicable

**SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

- National regulations : All the chemicals contained in this product are listed introductions.  
This chemical is not covered by the Standard for the Uniform Scheduling of Medicines and Poisons.  
This chemical is not covered by the Agricultural and Veterinary Chemicals Act 1988.
- International regulations : Not subject to the Basel Convention (Hazardous Waste).  
Not subject to the International Convention for the Prevention of Pollution from Ships (MARPOL).  
Not subject to the Montreal Protocol (Ozone depleting substances).  
Not subject to the Rotterdam Convention (Prior Informed Consent).  
Not subject to the Stockholm Convention (Persistent Organic Pollutants).

**SECTION 16: Any other relevant information**

- Version : 1.0  
Issue date : 11/10/2023
- Indication of changes: : Not applicable.

## Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

---

Training advice : Ensure staff are informed of and trained on the nature of exposure and basic actions to minimise exposure.

<b>Abbreviations and acronyms:</b>	
ADG	Transport of Australian Dangerous Goods
ATE	Acute Toxicity Estimate
CAS	Chemical Abstract Service number
GHS	Globally Harmonized System of Classification and Labelling of Chemicals
